

6 students on their way to success

School Year 2010-2011 has ended and the six Night High Scholars of the British Women's Association have successfully passed their 2nd year at Siena College, Taytay, Rizal. They are now getting ready to start their 3rd Hoch School year in the upcoming School Year, 2011-2012.

The six scholars, Maria Yvette, Jenelyn, Maylene, Rea Mae, Joane Nikka and Anita were sponsored by the British Women's Forum for S.Y. 2010-2011, and have been sponsored by them since they entered Night High School in S.Y. 2009-2010.

The six scholars participated in various academic activities/events throughout the school year, along with their fellow Night High Scholars in different grade levels.

In the earlier half of the school year, the scholars participated in events like poster-making contests, speech choir contests, song adaptation contests, cultural dance competitions, math contests, and choral contests.

In February, 2011, the scholars participated in a Gabi ng Pasasalamat (Thanksgiving Night) Program with their parents; their school's Sports Fest and a school field trip to St. Theresa Church, Mall of Asia and at the Manila Ocean Park.

Classes ended in mid March, to resume on June 6, 2011, when the six Night High Scholars will be in their 3rd year.

The six scholars are very thankful to their sponsors for their continuing support and encouragement and made special thank you cards for them before the school year ended. The six scholars are looking forward to meeting their sponsors and getting to know them in the upcoming school year.
